- 1) Correspondence Received during month
- 2) Pioneer Lake work day
 - a) Schedule for Saturday, May 7, 2016 - 9:00 am to 2:00PM work will be done on the Dam as requested by the State.
- 3) Bobcat follow-up
 - a) One of things that came up during the Bobcat issue was that Fish and Game receive funding from hunting and fishing licensing fees. These fees do not completely fund Fish and Game. However it was used by the Commission as a reason to open a season. The general public can give a donation to Fish and Game. Geoff will write a letter Fish & Game Non-game Division that can be used to send them a donation.
- 4) Report on the hike to Tuttle Hill
 - a) The hike went really well, the weather was great. The wild natural acreage was quite steep in places. There was sign of bear and moose. Some of the towers sites were cleared, however many were not and the work to cleared and put in a road is quite extreme.
- 5) Update on the Antrim Wind
 - a) Geoff is working on his testimony.
- 6) Other
 - a) There was discussion about working with the school on an outdoor classroom. More information will be needed.

b) Brenda will not be at the May meeting, someone will need to take minutes.

Next Meeting: May 18, 2016 - 7:30 pm @ Town Hall
