## ***SELECTMEN'S ANNUAL REPORT***

The past year has been one of unusual activity for some of our boards and departments. The County budget in the past has contained the charges for our emergency services dispatch which provided by the Keene Mutual Aid. The service we receive is excellent, but the County has decided to remove that expense from the County budget which requires all the towns to be billed directly by the service. This added expense of \$16,871 is now in our Town budget as part of Article 8. It remains to be seen if the County budget is reduced by that amount, or more.

An area of concern we have is the cost of legal services for the Zoning Board of Adjustment's defense in a lawsuit brought by AT&T. The lawsuit concerns the cellular tower AT&T has proposed near Granite Lake. Our property and liability insurance has covered \$25,000 of the already expended legal costs, but we have the need to budget in the ZBA account \$30,000 for the coming fiscal year. While the cost of these legal services are of concern, so is the underlying issue to many of you, which is the siting of the tower overlooking Granite Lake.

During the past year it became evident that our police cruiser needed replacement and we have placed an article on this year's warrant to replace with a four year lease purchase. The proposed vehicle is a Ford police cruiser with a six cylinder engine and all-wheel drive. This will continue to give us a good winter vehicle but also afford us some economy with fuel and maintenance. Our present cruiser this past year had some major repairs as the result of a skid on black ice. It is our plan to keep it as a back-up until we see repairs that would exceed its value to the Town. The resale value of the old vehicle is negligible.

The biggest "new" one time item proposed for the coming year is a \$145,000 article to make some repairs to the Town Hall. These repairs are mostly exterior, with a vapor barrier below the structure, and are contained in article 4. This article would only apply if both articles 2 and 3 fail. This article is there to make sure that we arrest the present deterioration and stabilize the Town Hall. These four items just mentioned represent costs not included in the past several years in the approved budget. The remainder of the proposed expenses remain very close to the past two years.

The warrant this year is a return to voting on most of our functions on an individual basis, as some of you requested last year. Article 8 is a bit of a catch all and a separate breakdown of what is in it is immediately after the warrant in your report.

*SELECTMEN'S ANNUAL REPORT* continued

Having just gone over costs, which can be somewhat depressing, there is good news concerning the Stoddard Rocks project. Permits needed to repair the dam at Pioneer Lake have been obtained and the project should move forward this year. A special thank you to Geoff Jones and the Conservation Commission for their hard work.

During the past year much of School Street was rebuilt and a major culvert on Center Pond Road was also replaced. The past winter was an easy one and the Highway budget for the coming year remains flat. The fire department building project which added steel beams and did much to stabilize the fire station was also completed.

We wish to thank the many citizens that give of their time and talents to provide public safety, serve on various boards, beautify the community and do much to create a better quality of life for all of us. These include the various clubs, fire and ems personnel, lake monitors, other elected officials and also our employees and contractors. In the end, we cannot forget you, the citizens for your support and encouragement.

Respectfully submitted,

Arnold Stymest, Chairman

John Halter

## ***PLANNING BOARD REPORT***

The Planning Board has met on a monthly basis. The anticipated site plan review, expected from the approval by ZBA for AT&T's application to put a cell tower on Melville Hill, is on hold. The decision was appealed, and the case is in court.

We had hoped that the updated Telecommunications Ordinance would be ready for Public Hearing this spring, but when counsel vetted the proposal, he had several concerns, and we are looking into those.

One issue that keeps surfacing is zoning and land use. New concepts are being introduced, such as "conservation subdivision". Stoddard, as you all know, is hilly, and stony. Many tracts of land would present a challenge to building. The Planning Board is looking into how a piece of the land could be developed with smaller lots, and the rest of available land put into conservation. To help us gain a better appreciation for the grades/slopes, we have asked the Southwest Regional Planning Commission to prepare an overlay map of Stoddard. It will be a minimal expenditure and will be posted at Town Hall for public review. The Planning Board would like to have, at its disposal, a computer with all the pertinent maps so when a land issue comes up, we can quickly evaluate the concern. All recommendations will be consistent with objectives in the Master Plan that was approved by the voters in 2005.

One member attended the Water and Watershed Conference at the Plymouth State University in March. The big issue there was: are we keeping our water supplies, lakes, and rivers free from pollution? That directly ties into our zoning regulations. Are they such as to promote clean water? Are we cognizant of run-off problems, proximity to wetlands, etc? The Lakes Associations are important allies in this concern.

Members have attended lectures to keep abreast of changes. We will continue to do our best to anticipate what is needed for Stoddard. To that end we need to have input from residents on issues, and even more, people who are willing to sit on the board, and help with the work. Remember – it is for our Town.

Thank you all for your support.

## ***POLICE DEPARTMENT REPORT***

This year was yet another great yet busy year for the Stoddard Police Department. We have been working hard on increasing speed patrol in town; especially on the weekends when out town is bust with people from out of town. Some trouble areas consist of Kings Highway and Route 123. The roads of Stoddard can be narrow and are full of sharp curves: these roads can be very dangerous at high rates of speed, especially in the winter when black ice is present. Our own police cruiser was affected by the black ice this year resulting in us not having use of the cruiser for a month. Please remember, our roads in Stoddard are not only full of automobile activity but with the nice weather coming early this year the roads are also shared with motorcyclists, bicyclist, pedestrians and wild animals. Be mindful of everyone and everything on our roads.

Our department has also been full of activity this year with the increase of juvenile cases. These cases take more investigation and time than most others. Please report any suspicious behavior witnessed to our department immediately so we may follow up on reports in a timely manner. If nothing is reported. Nothing can be done. It is now the time of year when seasonal homes are being opened, boats are being put into the water, and ATVs are adventuring out. Please remember that we not only have to be safe on our roads but we need to be safe and follow all NH State Laws in the water and off road as well.

As a gentle reminder, I would like to remind you there is a leash law in Stoddard. If your animal is in the road and gets hit, it not only effects your family, it also effects the person driving the vehicle. Please keep all of your loved ones safe, even the four legged ones. If you need assistance with animal control you may call 355-2000 and dispatch will get a hold of animal control.

Our police cruiser is now 10 years old. It is time for the Stoddard Police Department to look into replacing the cruiser. We are asking the town for its support to help start the funding process for a new cruiser before it becomes an issue in the future. The cruiser allows our police officers to patrol, respond to calls in a timely manner, take people into custody and help the general public when needed.

We would also like to thank you for your continued support of your local police station. With your support we have been able to do the much needed repairs on the police station this year. The repairs include putting a new roof and ceiling on the station along with replacing the floor, three things that were in dire need. IN the future the town should consider funding the repairs needed that still remain including a new water pump for the well. At this time the pump is not the correct size for the well which does not allow us to have enough water to adequately wash our cruiser at the station.

As always, we would like to thank the Town of Stoddard for your continued efforts keeping our community a safe place to retire, raise children and live.

Respectfully Submitted,

David Vaillancourt  
Constable/Police Chief

## ***STODDARD EMERGENCY MANAGEMENT REPORT***

Stoddard Emergency Management exists to work with the local emergency services (Fire, Police, road agent etc.) to prepare for, respond to and recover from medium to large scale emergencies that affect a significant population in the Town of Stoddard. The Emergency Management Team monitors State emergency communications, establishes co-ordination with State Emergency Operations Center and communicates with the public thru radio and television outlets. The Emergency Management Team meets periodically to update our preparedness.

Preparation includes establishing and maintaining an "Emergency Operations Plan", a "Hazards Mitigation Plan" and a plan to co-ordinate with Statewide Emergency Operations Center as needed.

Response to emergencies is done by following the established plans and opening the local Emergency Operations Center when necessary. Co-ordination of Safety Services is conducted from the EOC.

Recovery from an emergency includes co-ordination with state and local authorities to repair damage due to the emergency event, determine the criteria for closing the EOC, collection of municipal costs for submission to State or Federal emergency reimbursement if approved.

During the past year we experienced one event where the Emergency Management Team declared an emergency. This was in response to the forecasts for and the eventual event of HURRICANE IRENE.

Two days prior to the arrival of IRENE the Emergency Management Team met and made preparations for the hurricane. We assisted in coordinating the lowering of the water level in Highland Lake. Notified waterfront owners to remove or secure their boats and docks on Highland Lake, Granite Lake and Island Pond. Pre-staged truck loads of gravel for road repairs. We opened the EOC at the Faulkner Elementary School and co-ordinated responses to road washouts, trees down, flooded basements and housed several residents of Stoddard for the duration of the storm.

Throughout the storm we monitored the water levels in Highland Lake and Island Pond. The Stoddard Fire Dept. filled and placed sand bags in the threatened areas. Communications with the Bureau of Dams allowed us to establish a monitoring plan and avoid evacuations on Island Pond.

During 2012 we will update our Hazards Mitigation Plan. We will establish a formal procedure for collecting emergency related expenses and documentation for reimbursement from State or Federal funds as allowed.

Periodic meetings will be held to address Emergency Preparedness for the Town of Stoddard.

Richard Gariepy, EMD  
Arnold Antak, EMD Dep.

## ***STODDARD FIRE AND RESCUE REPORT***

The Stoddard Fire and Rescue department call volume for the January to December time frame were: 43 fires, 46 medical, 22 motor vehicle accidents, 6 mutual aid calls and 7 inspections. The inspections included four business and three residential buildings. The residential inspections were requested by the homeowners for foster care certification which is required by the State of New Hampshire. The state also requires an annual inspection of the school in order for the town of Stoddard to apply for grants. The town hall is also inspected annually. The other two businesses were requested by the building owners. These inspections urge and sometimes require building owners to make their homes and businesses compliant with state life safety codes and standards.

In October, the State of NH was under a hurricane watch and expected heavy rain and winds. The Emergency Management Team met in advance to prepare for the storm. The fire department also spent two days preparing for this storm which included putting our rescue boat in Highland lake and Island pond. Our members placed flyers on homes and asked people to remove their boat from the water and secure their docks. During this storm our members also had to sand bag the east shore line of the Highland Lake dam due to the rising water level.

The fire department hosted a Ground Safety Training course presented by DART (Dartmouth-Hitchcock Advanced Response Team) at the James Faulkner School in January. This course involved teaching people how to work safety in and around the Dart helicopter which landed at the ball field. Four towns within our mutual aid system participated in this course.

We conducted our fire safety education program at the Faulkner elementary school in October, which included a fire drill and a training session that taught the staff and students about fire safety at the school and home.

Structural repairs were completed to the load bearing wall of the main fire station. The old fire station roof leaks and should be repaired this year. A dry hydrant was installed at the corner of Dead Brook Road and RT123N. This allows our fire fighters to safety draft water year round.

New members are firefighter Steve McGerty a retired fire chief from Holbrook, NY and firefighter Christopher Wells.

Respectfully submitted,

Chief P.J. LaMothe  
Fire Captain Brian Michaud  
Fire Lieutenant Shannon Sarcione

Deputy Chief Joe Sarcione  
Rescue Captain Margo Santoro  
Rescue Lieutenant Kellie Holland

## ***FOREST FIRE WARDEN REPORT***

First I would like to thank everyone for being very careful with their camp fires in the past few years. As you know we have had a very mild winter with very little snow fall and warmer temperatures than normal. The fuels are basically the same now as they were in the fall. Winter snow helps to compact the fuels and soak them down in the spring as the snow slowly melts. With the lack of snow fall the water levels are down and the fire danger has elevated earlier than normal this year. We have had brush fires in February and March in the surrounding towns. Our class days have been class 3 and 4 with close to Red Flat Warnings. The southern part of the state is drier than normal. We are going to be very selective in issuing fire permits for brush burning this year if the conditions continue. I ask that everyone pay good attention to their camp and cooking fires and make sure that the fires are properly extinguished. The state has started up the towers, patrol trucks and the aerial flights in March and will continue to man them on all class 3 and higher days. All Special Deputies have been asked about their availability in helping this year. All our equipment has been checked and is ready for immediate use if we have an event.

Please be extra careful with fireworks this year. As you know once they explode they reminisce fly around and are carried in the wind currents. This could lead to fires in the woods. The fuels in the woods have been building up from the past few years with storm damages. Remember fires can cause a lot of damage and could be very expensive for the person who started the fire.

Remember that you are required to have a burning permit for any open type of fire. If you can see the flame you need to have a permit. Any type of appliance that is used for burning with the exception of a cooking grill has to be 25 feet from the structure. If you have any questions regarding your type of appliance please call us we would be happy to look at it for you.

On behalf of the Warden, Deputy Wardens and the Fire Department we wish that you enjoy your summer and be safe.

Respectfully Submitted,

Joseph Sarcione  
Forest Fire Warden

## ***STATE FOREST FIRE WARDEN REPORT***

Your local Forest Fire Warden, Fire Department and the State of New Hampshire, Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at (603) 271-1370 or [www.des.state.nh.us](http://www.des.state.nh.us) for more information. Safe, open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214 or on line at [www.nhdf.org](http://www.nhdf.org).

Both in terms of the number of fires, as well as the number of acres burned, this past fire season was the smallest since records have been kept. Extensive rainfall virtually all season long kept the fire danger down. When fires did start, they were kept very small. The largest fire for the season was only 5.4 acres, which occurred in Littleton on May 2, 2011. There was, however, a small window of high fire danger in the northern third of the state during July when little rainfall was recorded. During this time there were a number of lightning started fires, which are fairly unusual in New Hampshire. As has been the case over the last few years, state budget constraints have limited the staffing of our statewide system of 16 fire lookout towers to Class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire outlooks are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The tower fire spotting was supplemented by contracted aircraft and the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2011 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their homes. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at [www.firewise.org](http://www.firewise.org). Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

# ***STODDARD COMPLIANCE OFFICER REPORT & DUTIES***

Stoddard adopted Zoning in 1986 with additions and deletions up to 2011.

The first page on Zoning:

Article I: Purpose & Authority

For the purpose of promoting the health, safety and general welfare of the Town of Stoddard. To protect the value of property and to preserve the rural character of the town, ordinances are hereby enacted by the voters of the Town of Stoddard.

With our vast amount of conservation land, we certainly are preserving the rural character of the town. As most of you are aware as property owners in the town . . . Due to the recession. . . The value of your property and mine has taken at least a 20%+ decrease in value. Without enforcement of Zoning your property value will decline further! Whether you are seeking a loan on your property, or just trying to sell your home, that value is at risk if a town does not enforce the Zoning on the books. This town does not want to be sealed with the reputation of "Come to Stoddard . . . You can do anything you want with your property with no repercussions." Unfortunately, Stoddard is not the small, sleepy little town as it was when I moved here of 300+ people. Our population is over 1,200 and Stoddard has experienced an annual 3% growth rate. . . Or 30% over 10 years.

Your Board of Selectmen is the enforcement body for Zoning. I am their eyes and ears that report to the board on violations whether in response to a written complaint or observed on my own. The Compliance Officer's job is to treat everyone equally and keep fully informed of Federal, State & local laws as they affect his responsibilities. The Compliance Officer must be prepared to testify in court as I have in the 8th Circuit Court in Keene and the Sullivan County Superior Court on pending violations.

No one likes to be told what to do with his or her property; however, no one has the right to take away quiet enjoyment. . . or the value of their neighbor's property.

The Selectmen have two court cases pending; both have had previous court judgments placed upon them in the past that have not been complied with.

All building permits are site inspected whether it's a shed, barn, addition or a new home. The checklist, that has to be completed before the permit is approved, is:

Set back from property lines and all rights of way.

Check Flood Map: Is the property in a Flood Zone.

Is building within 250 ft of a great pond? State Shoreland Act applies.

State PUC permit applicable if not modular.

Permit from Fire Chief for new or replacement burner.

Before approving, check town hall files: complaints, court orders, etc.

Notify contractors, plumbers, and electricians on pre 1978 homes re:

Federal lead law: first offense on violation of lead law is a fine of \$37,500 and willful violation is jail time. A contractor can become lead certified by taking an 8-hour course.

**COMPLIANCE OFFICER REPORT** continued

Master plumbers doing work in Stoddard must notify Plumbing & Safety section PLU rule #408.01©

Garage or shed must be marked: for cold storage with exceptions

Septic loading based on number of bedrooms (check files)

Identify class of road, i.e. private, subdivision, Class VI RSA674:41

If using outdoor wood heater 2008 law rules apply.

If the building permit is for multifamily, commercial or home occupation, determine if Planning Board and ZBA approval is needed

In conclusion, issuing a Building Permit today is not as simple as in the past. Every permit I look at must be thoroughly complied with, as there is always a degree of liability to the town by the owner or an abutter.

I receive many phone calls thru out the week with questions on Zoning, etc. If not in, I will always try to return your phone calls as quickly as possible and look at your permit so there is not delay in what you purpose.

If we experience another building boom, I would expect your Planning Board, and justifiably so, to introduce or discuss additional Zoning Regulations as the population increases.

Harry R. Power,  
Stoddard Compliance Officer

# **STODDARD BUILDING COMMITTEE CHAIRMAN'S REPORT**

## **Mission Statement:**

*The Building Committee will, through research and study, and collaboration with other town officials, boards and other committees, recommend to the Selectmen plans for future buildings, improvements, and additions to existing buildings and the maintenance of all town properties.*

Following a protracted period of inactivity the Building Committee was called back into session by the Town Selectmen in August of last year. At that time the new committee identified Article 8 from last year's Town Meeting as the primary work focus for the current session.

Article 8 as approved at Town Meeting said:

The Town would raise and appropriate \$40,000 to engineer and design a multistage plan for addressing the crucial structural needs and improved utilization of the Stoddard Town Hall.

The Committee has met on the second and fourth Thursdays of each month since August 2011. Also, subcommittees have met on the first and third Thursdays since January 2012.

Using the significant body of work provided by previous committees the current Building Committee reviewed and reconfirmed the physical needs of the Town Hall.

Reviewed, and modified as necessary, the space needs of the various administrative offices in our town and provided this information to *DVS Architects* who was hired by the Selectmen to provide Concept Drawings/ Construction Prints and construction bidding management for any Town Hall Project which may be approved by the voters at the 2012 Town Meeting.

The Building Committee worked diligently to identify a phased in process for Stoddard Town Hall restoration, improvements and upgrades. The impact to individual taxpayers was reviewed and adjusted to make the costs as digestible as possible. Alternative strategies for housing essential town services were investigated. The benefits and drawbacks for each of these strategies was debated and discussed and budgetary costs were identified for each option. Aside from the dollar costs there are intangible plusses and minuses to each option. There has been significant discussion and eventually a friendly disagreement over which option is best.

We did agree to recommend to the Selectmen that they authorize DVS Architects to proceed with Construction Drawings and Bidding for phase 1 of a 3 phase plan for the Town Hall. This was done and we expect to have formal quotes by Town Meeting.

The Phase 1 option provides for a complete structural restoration and functional modernization of the Town Hall on the existing foundation.

The remaining phases of Town Hall improvements and improved utilization have been identified. They have been shared with the selectmen.

***BUILDING COMMITTEE REPORT*** continued

As Chairman of current Building Committee I want to thank members of the previous committees for all the work they did and provided to us. I also want to express my appreciation and respect to all the current members of the committee. Their diligent efforts and commitment to the process is encouraging.

Progress has been made this year towards finding a solution to the deteriorating Town Hall Building and the need for modern administrative services space. We look forward to continuing to work on the building needs for the Town of Stoddard.

## ***TRUSTEE OF TRUST FUNDS REPORT***

The Report of the Trust Funds included in this Town Report itemizes the current balance of each account in the custody of the Trustees from July 1, 2010 to March 30, 2012. At the end of this Fiscal Year (July 1, 2011 – June 30, 2012) this report will be updated as required by the State of New Hampshire to reflect the condition of investments in a fiscal year. The following is to give information in regard to the activities that have occurred in respect to these funds:

Three Year Step CDs - The Trustees of Trust Funds have been diligently managing the funds entrusted in their custody. The two investments (one for the Cemetery Funds and one for the Parks and Recreations Fund) that were renewed into a three year step CD at the rate of 1.34% are now earning 1.49%. These will be renewed at a rate of 1.98%. Three more investments (all for the school) were invested into three year step CDs at a beginning rate of 1.14% and are currently earning 1.49%. Two more cemetery CDs are earning at a rate of 1.14%. Three year step CDs automatically are reinvested into a higher rate. At each anniversary the CD's may be added to, withdrawn from or closed. Considering the low interest rates now available, the Trustees were pleased to be able to secure these rates.

Included in the Cemetery Fund is a separate income portion that is called the Emerson and Ruth McCourt Mt. Stoddard Road Cemetery Fund. This charitable trust was instituted in 2006 by the McCourt family. It is a Trust instituted for maintenance of the McCourt headstones and surrounding area of the Mt. Stoddard Road Cemetery. Since its inception, a total of \$4,435.26 has been received from this Trust.

Investments for the School remain steady since no funds have been withdrawn from these accounts. The Educational Fund established by George and Sally Cahill many years ago will be depleted at the end of the school year. This Fund was set up to issue awards to Honor Roll students from Stoddard attending the Middle School and High School in Keene. Each year students who achieved Honor and High Honor Roll status were sent a monetary award from this account. During the Fiscal Year 2011-2012, 37 checks have been issued to students. Additional checks will be issued for the First Semester of this school year. This fund cannot be supported by tax money and only voluntary donations could have been used to continue these worthwhile awards.

Other investments in the custody of the Trustees include the Granite Lake Village account to fund the repair of their dam and the Stoddard Park and Recreation Fund for activities of this committee.

The State of NH only requires the Trustees of Trust Funds to hold public meetings once a year. The Trustees met on August 17, 2011 and February 4, 2012 at the Stoddard Town Hall. Members of the public are invited to attend. Notices of meetings and subsequent minutes are posted at the Town Hall, Post Office and Town Clerk's Office.

## ***DAVIS PUBLIC LIBRARY REPORT***

This has been another great year for the Davis Public Library. Our patronage has grown by leaps and bounds and our collection continues to be updated with the hottest and most interesting titles and authors on the market. Regular usage has increased from last year where other libraries in the state have noted downturns. Between July 2011 and February 2012, **we have seen the library membership of the increase by 79!** Regular usage has increased from last year with a total patronage of 1320 adults and 506 children.

The collection is constantly updated, and we try to make sure all the most exciting bestsellers in a variety of genres and age levels are on our "new arrivals" shelves. For the last year, Director Kelly Taylor and Assistant Sarah Galligan have been working hard in conjunction with the Trustees, Friends & generous donators to update the DVD and audiobook on CD collections. We have almost entirely moved to DVDs in the adult section, with only a handful of favorites still on VHS. The children's selection of VHS tapes is still fairly large, while the number of DVDs is being gradually increased as budgeting allows. We are well on our way to being fully updated to digital media! The library collection currently stands at a total of 1809 adult books, 2884 children's & YA books, 108 adult audiobooks (all but 20 on CD), 25 children's & YA audiobook CDs, and 285 DVDs and 80 VHS tapes.

Visitors to the library will notice that most of the books they check out are in the system and can be checked out by a barcode reader in a matter of seconds. All new purchases have been entered into the online catalog since January of last year, and we hope to have all books in the library in the system by the end of the summer of 2012.

The Book Club continued to meet throughout the winter this year. We've read some really amazing books, and have some great ones lined up already for next year. Leigh Fosberry's volunteering with the book club has been absolutely essential for keeping the Book Club going

Programming for kids has been a priority this past year. Storytime at 11am on Tuesdays has continued to be popular with the tiny tots & preschoolers. The 2011 Summer Reading program was a huge hit. We had a Holiday decoration contest in December and in conjunction with the Friends, Trick-or-Treating and a special Halloween storyteller in October. Also with the help of the Friends, we have sponsored several Movie Nights showing new popular releases in the Town Hall! Snacks, movies and inspiration provided by the Friends. We had our 15 minutes of fame, thanks to two of Michael Moore's photos in the Keene Sentinel and on the cover of Parenting Express!

Adding to our technological advancements, the Friends have sponsored our full membership to the NH Downloadable Book Consortium, which provides library members with free access to thousands of audio and e-books. These can be checked out and downloaded to most e-readers and mp3 players including Kindles, Nooks, iPads, iPods & personal computers.

## *DAVIS PUBLIC LIBRARY REPORT* continued

The Friends of the Library can never be thanked enough. In the past year the 501(c)3 non-profit group has sponsored, funded, supported, and staffed the July book sale, October tag sale, guest speakers Simon Brooks, Frank Bryant, Terry Reeves from the Mariposa Museum, and Edie Clark, Trick-or-Treating at the library, and two e-book training sessions. In addition, they have purchased the new "Hours" sign for the library, the two new computer chairs, books and DVDs, gift bags for teachers, board books for Stoddard babies born in 2011, and passes to museums (McAuliffe Shepard Discovery Center, Mariposa Museum & the Strawberry Banke Museum). In addition they have made donations to the Children's Literacy Fund & the NH State Library Downloadable Book Consortium. The Friends are amazing & do so much for our tiny library. We couldn't offer anywhere near as many fun and exciting events and services without their help & support.

## CONSERVATION COMMISSION REPORT

After last year's unanimous vote to accept a 750-acre Pioneer Lake/Stoddard Rocks gift to the town, from Sweet Water Trust, the past year has been relatively quiet in terms of public meetings and conservation activity. However, the table is being set to accept the gift from Sweet Water.

The NHDES permitting process to repair the dam, which is part of the conditions of the gift, was a lengthy process, and the permit was not issued in time to conduct the repair work last fall, as tentatively scheduled. With permit in hand, the repair work is now scheduled for June of

2012, weather permitting. Meanwhile, Sweet Water has been working with the town's counsel to get the legal paperwork in order so that a speedy transaction can occur when construction work is completed.

An MOU between the Society for the Protection of NH Forests and the town is nearing completion. This agreement will allow the town to construct a 5-6 car parking lot off Shedd Hill Rd., a short distance to the north of Dodge Farm Rd. and before the Marina (to give you a general idea of the location). The conservation commission will construct a trail from the new parking lot to the Pioneer Lake roads, 2,500 feet to the north. Work on the parking lot will be completed in conjunction with the dam repairs.

The Stoddard conservation commission will hold its 2nd Annual Cordwood for Conservation Raffle, to help raise money for the parking lot construction and kiosk display (estimated to be in the range of \$3,500-\$4,000). Tickets will become available the day of the town meeting. The drawing will be held at the annual Fire Dept. BBQ that is held in July. The conservation commission will gladly accept donations, which can be made to the new conservation stewardship fund that was established last year, for such a purpose.

Once the dam has been repaired, the parking lot constructed, and the land transferred to the town, there will be a celebration with field trips to Stoddard Rocks and Pioneer Lake. This will probably take place between late July and early September....with any luck: sooner. So stay tuned!

The conservation commission will hold its annual July Conservation Forum on the Thursday before the Fire Dept's. Annual BBQ. The topic this year will be the exciting new documentary "Green Fire" which explores the life and legacy of famed conservationist Aldo Leopold. To learn more about this program and Aldo Leopold visit [www.greenfiremovie.com](http://www.greenfiremovie.com)

The Stoddard Conservation meets on the third Wednesday of the month at 7:35 pm, Town Hall (after Yoga).

If folks have issues that need to be brought before the Conservation Commission they can contact the chair, Geoffrey Jones at 446-3439 or write to PO Box 336, Stoddard, NH, or via e-mail: [geoffreytjones@gmail.com](mailto:geoffreytjones@gmail.com).

Respectfully Submitted by,

Geoffrey Jones, Chair

## ***ZONING BOARD REPORT***

The major focus of your Zoning Board (ZBA) has been the continuance of the AT&T application for variance for a cell tower on Melville Hill overlooking Granite Lake. The prior ZBA initially made a decision to approve the variance. The decision was based on Counsel advice about the issue of what constitutes alternate technology. That advice was later acknowledged to be erroneous. Based on that and strong opposition to the location of the cell tower on Melville Hill the ZBA rendered a decision to rehear the case.

Very shortly after that decision, 3 of the 5 members of the ZBA resigned and AT&T quickly took advantage of the incomplete Board to file a complaint in Federal District Court in Concord alleging that the ZBA and the Town were violating the “shot clock” (the time mandated by the FCC in which to render a decision) and therefore “effectively prohibiting the cell tower”. The Effective Prohibition charge was subsequently dismissed.

A Summary Judgment in that suit is due to be heard May 7<sup>th</sup>.

If the ZBA and the Town prevail in that suit, it is likely that the case will be remanded to the ZBA to be reheard.

Jeff Spear of ORR & Reno PA is the ZBA attorney for the litigation in Federal Court.

We have engaged Matthew Serge of Upton & Hatfield LLP to replace Sam Bradley for the usual land use issues that the ZBA may need advice for. This will reduce our legal costs considerably since Mr. Serge’s hourly rate is considerably less.

Two other variance applications from local landowners are pending.

Things to remember when planning waterfront additions:

- A buffer zone of 50 ft. from the edge of the high water mark must be left undisturbed to prevent siltation into the water.
- Additions of buildings, decks, porches and other alterations may have other restrictions. Consult the Community Planning Ordinances for definitive information.
- “Grandfathered” does not mean you are exempt, but instead you may need a variance before proceeding with any alterations.
- A State Shoreland Permit is required for many alterations within the protected waterfront buffer. Please obtain the permit before applying to the ZBA. More information is available @ [www.des.nh.gov/espa](http://www.des.nh.gov/espa)

## ***CEMETERY COMMISSION REPORT***

Cemeteries are peaceful, lovely, cared for places where our loved ones' souls are put to rest.

Four of our five cemeteries are in great condition. David Young will be the caretaker of the four cemeteries – New Dow, New Town, Stevens and Robb.

Sadly our oldest cemetery, Old Dow, still appears unkempt and not so lovely. However, we will be hiring a caretaker just for Old Dow where the caretaker will have hard work to return Old Dow's dignity and grace.

When visiting your loved one in our cemeteries, please feel free to call to our attention your suggestions or complaints. We appreciate your caring and concerns.

Respectfully,

# **HEALTHCARE, HOSPICE AND COMMUNITY SERVICES**

*Report to the Town of*

**STODDARD**

**2011/2012**

## ***Annual Report***

In 2011/12, Home Healthcare, Hospice and Community Services (HCS) continued to provide home care and community services to the residents of Stoddard. The following information represents activities in Stoddard during the past twelve months.

### **Service Report**

<b>Services Offered</b>	<b>Services Provided</b>
Nursing.....	145 Visits
Physical Therapy .....	120 Visits
Occupational Therapy .....	2 Visits
Medical Social Work.....	2 Visits
Home Health Aide .....	11 Visits
Chronic Care.....	553 Hours
Health Promotion Clinics .....	33 Hours
Child Health and Prenatal Care.....	6 Hours
Adult Day Program .....	5 Hours

Prenatal and well child care, hospice services and regularly scheduled “Nurse Is In” clinics, including foot care, are available to residents. Town funding partially supports these services.

HCS also offers the Age In Motion program in Stoddard; ten week sessions are held in the spring and fall. AIM is an exercise program designed primarily for older adults. AIM promotes exercise for balance, flexibility, and to build strength, preventing falls and enhancing older residents’ ability to stay independent. Home Healthcare, Hospice and Community Services also sponsors the monthly Friendly Meals for senior citizens at the Stoddard Town Hall. No town funding is involved in the Friendly Meals program.

### **Financial Report**

The actual cost of all services provided in your fiscal year 2011/12 with all funding sources is \$83,916.00. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by the town’s appropriation.

For fiscal year 2012/2013, we request an appropriation of \$800.00 to be available for home care services and \$1,200.00 for the Age In Motion program in Stoddard.

For information about HCS services, residents may call (603) 352-2253 or visit [www.HCSservices.org](http://www.HCSservices.org)

## **HIGHLAND LAKE UNIFIED ASSOCIATION**

*Joseph P. Van Schaick, president*

*P.O. Box 347*

*Stoddard, NH 03464*

We are busy preparing for our 2012 Lake Host Program on Highland Lake and have applied for a grant from the New Hampshire Lakes Association, and the decrease in funding from the state; we expect even greater cuts this year. The funding is spent on salaries for the paid lake hosts. All other costs for running the program comes out of the membership annual dues for the Highland Lake Unified Association. Last year we conducted over 2760 boat examinations at the two public landings (including 9 fishing tournaments).

Our paid lake hosts, with the help of volunteers, staff both public landings and examine boats both entering and leaving Highland Lake. This is to prevent exotic plants from entering our lake. If exotic milfoil enters Highland Lake it will take over the lake, killing fish and other wildlife and make it impossible to swim, fish or boat. Seven years ago one of our lake hosts stopped Eurasian milfoil from entering on a boat trailer.

We are asking that our request be put into the 2012 town budget for \$6,000. If we are successful in getting part of the town budget, the check should be made out to New Hampshire Lakes Association and mailed to 14 Horseshoe Pond Lane, Concord, NH 03301. This money is for salaries and payroll deduction for our own Highland Lake Hosts and does not go into a general fund to benefit other lakes.

Thanking you in advance,

Sincerely,

Joseph P. Van Schaick

**FURTHER:** You are hereby notified to meet at the James Faulkner Elementary School Lucy B. Hill Community Room in said Stoddard on Tuesday, the seventeenth (17<sup>th</sup>) day of May 2011, next at seven of the clock in the evening (7:00 PM) to act upon articles 7 through 21.

The meeting was called to order by the Moderator Daniel Eaton at 7:10 pm followed by the Pledge of Allegiance lead by Brenda Howard.

**Article 7:** To see if the town will vote to raise and appropriate the sum of \$848,247 for general municipal operations. (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by Sandra Holland, seconded by Arnold Stymment

Question by Ginny Grandpre' on the Town Audit & asked why there is a discrepancy in the Town report showing 2 Audits, one from the State & one for local elected auditor. Sandy Holland, Selectmen says the DRA recommends an annual audit. Ms. Grandpre' does not see the need for a professional audit & pay \$10,000.00 as the Town elects auditors each year. Sandy Holland reports if local auditors are used they should have special training.

Sandy Holland asks Jim Coffey to speak on behalf of the Selectmen in regard to the professional audit we had last year.

George Davenport objects, being Jim is not a registered voter & does not live in Stoddard, but is employed by the Town as Administrator. Moderator calls point of order & calls for a vote to determine if Mr. Coffey is allowed to speak.

The question before the body is: Should the Administrator who is not a resident or a registered voter be allowed to speak for the duration of this Town Meeting at the Selectmen's request on individual articles? On a voice vote it is determined that Mr. Coffey be allowed to speak.

Answer about the audit:

Jim is still working with the auditors to get final valuations & depreciation schedules & the Town should get the final report on last year's audit in 30-40 days.

Another question from Ms. Gandpre' on the Cemetery costs which have always been listed as a separate article, & now shows \$5,000 on page 83 which appears we are raising \$5,000 from

taxation instead of \$1,000 as \$4,000 is in Cemetery Trust Funds & it is very confusing. Jim explains the format that is being used this year & that yes we are only raising \$1,000.

George Davenport finds himself perplexed to find all the operating budgets for Town departments, Fire, Police, transfer station, roads, etc. all mobbed into one big pile & I find myself concerned in view of Mr. Coffey's words at the budget hearing money can be moved around & would like to know if we are mandated by any State agency to change & use this format. Mr. Coffey explains, operating budget for each department is still the same & can be followed right down the column & that NO, it is no mandated by the State.

George Davenport ask the Moderator what happens if we do not pass this budget. We would be in recess & be back to another meeting at some point, probably with the same figures.

The Town would not be able to pay their bill & perhaps lose their credit rating which would diminish depending on how long it would be before they ran out of money.

**MOTION** by Bob Fee to table this budget for 30 days & give a \$71,000 Budget to the Town of Stoddard for operating expenses & have the Selectmen come back & clean up this disaster document & make it a line item like it used to be. The Moderator states that to do this the way you have presented you would be changing the warrant, which would require the Selectmen to go to Superior Court & the DRA to get permission to call a special Town Meeting. John Halter, Selectmen stated this could be accomplished next year & go back to individual articles but not this year. More discussion on the format of the warrant article & finding that it is very hard to follow from page to page. Jim Coffey said that in addition to this change the office also changed bookkeeping from Quickbooks to a standard municipal accounting system. No second.

**MOTION WITHDRAWN**

**FIRST AMENDMENT:** Motion by Ginny Granpre' to amend Article 7 to eliminate account #4150-30 for the amount of \$8,870.00 for the professional audit. Seconded On a voice vote Article 7 passes as amended.

Article 7 would not read:

To see if the Town will vote to raise and appropriate the sum of \$839,277.00 for general municipal operations. No discussion. Motion carries.

**ARTICLE 7 IS ADOPTED AS AMENDED**

**SECOND AMENDMENT:**

Motion by Louis Grandpre' to amend Article 7 for the amount of \$20,000.00 to be taken out of the executive payroll account #4130 Seconded. Discussion follows.

The Article would then read:

To see if the Town will vote to raise & appropriate the sum of \$819,377.00 for general municipal operations. Moderator determines the voice vote too close to call. On a standing vote.

**52 YES**

**67 NO**

**MOTION ON SECOND AMENDMENT FAILS**

**THIRD AMENDMENT:**

Motion by Brenda Bryer to reduce the budget in Article 7 for the amount of \$100,000.00. Seconded by Tom Chagnon. Article 7 would then read:

To see if the Town will vote to raise & appropriate the sum of \$739,377.00 for general municipal operation. Discussion follows. On a voice vote motion fails.

**MOTION ON THIRD AMENDMENT FAILS.**

**ARTICLE 7 IS ADOPTED WITH THE FIRST AMENDED TO READ:**

To see if the Town will vote to raise & appropriate the sum of \$839,377.00 for general municipal operations.

**Article 8:** To see if the town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) to engineer and design a multistage plan for addressing the crucial structural needs and improved utilization of the Stoddard Town Hall. This is a Special Warrant Article.

(Majority Vote required). **Recommended by the Board of Selectmen.**

Motion by Arnold Stymest, seconded by Sandy Holland.

Dick Briere reports on the Building Committee's progress & the need for an architectural firm to plan on what is needed for the Town Hall. Much discussion follows & most agree that the Town Hall has been badly neglected & needs repairs & possible officer in this basement if the building is raised. More discussion follows.

After much discussion a motion made to improve the question by Bob Fee, seconded by Brenda Bryer. On a voice vote motion to move the question is in the affirmative.

On a voice vote:

**ARTICLE 8 IS ADOPTED**

**Article 9:** To see if the Town will vote to raise and appropriate the sum of \$11,750 for the Lay Monitoring, Lake Host Program and water testing. (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by Geoff Jones, seconded by Sandy Sherman

Discussion follows

**ARTICLE 9 IS ADOPTED UNANIMOUSLY**

**Article 10:** To see if the Town will vote to authorize the Selectmen to continue the municipal lease purchase agreement established for the purpose of leasing a 4-wheel drive pumper/rescue vehicle for the Stoddard Fire & Rescue Department and to raise and appropriate the sum of \$36,518 for the six of ten payments. This lease contains an escape clause. (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by PJ Lamothe (Fire Chief) seconded by Shannon Sarcione.

Discussion follows

**ARTICLE 10 IS ADOPTED**

**Article 11:** To see if the Town will vote to authorize the Selectmen to continue the municipal lease purchase agreement established for the purpose of leasing the forestry vehicle for the Stoddard Fire & Rescue Department, and to raise and appropriate the sum of \$18,333 for the second of four payments. This lease contains an escape clause. (Majority vote required).

**Recommended by the Board of Selectmen.**

Motion by Joe Sarcione, seconded by PJ Lamothe.

Discussion follows

**ARTICLE 11 IS ADOPTED**

**Article 12:** To see if the Town will vote to raise and appropriate the sum of Twenty Two Thousand Five Hundred Dollars (\$22,500) for the purpose of making repairs affecting the structural integrity of the fire station, and for any related engineering work necessary. (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by PJ Lamothe, seconded by Joe Sarcione.

PJ speaks on the repairs needed for the fire station and shows pictures of the cracks in the walls.

Discussion follows

**ARTICLE 12 IS ADOPTED**

**Article 13:** To see if the Town will vote to accept a donation of conservation land from the Sweetwater Trust identified as Tax Map 104, Lot 11 and Tax Map 404, Lot 2 consisting of about 750 acres to be administered and managed by the Stoddard Conservation Commission.

Motion by Geoff Jones, seconded by Richard Whitney.

Geoff Jones speaks in favor of this gift to the Town of Stoddard and this would benefit the Town in many ways for hunting and trails for hiking. This parcel also includes the Historical Stoddard Rocks.

**ARTICLE 13 IS ADOPTED UNANIMOUSLY**

**Article 14:** To see if the Town will vote to establish an Expendable Trust Fund for the purpose of maintaining the property referenced under Article 13, and to appropriate the sum of Sixty Thousand Dollars for this purpose with \$10,000 to be raised by general taxation and the balance of \$50,000 to be provided by a grant from the Sweetwater Trust, and to name the Conservation Commission and the Board of Selectmen together as agents to expend from fund. (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by Geoff Jones, seconded by Penny Betz. Geoff explains the stewardship fund. More discussion in regard to the earthen dam on the property. Before Sweetwater turns over the parcel to the Town they will rebuild the dam to the DES standards.

**ARTICLE 14 IS ADOPTED UNANIMOUSLY**

**Article 15:** To see if the Town will vote to raise and appropriate the sum of Five Thousand Seven Hundred and Ten Dollars (45,710) for the purpose of funding the following regional health services.

Age in Motion	\$1,200
Keene Community Kitchen	\$2,460
Home Healthcare Services	\$ 800
Monadnock Family Services	\$1,250

(Majority vote required). **Recommended by the Board of Selectmen.**

Motion by Clair Costin, seconded by Priscilla Holland.

**ARTICLE 15 IS ADOPTED UNANIMOUSLY**

**Article 16:** To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of determining the future public safety needs of the town and to create preliminary designs for the public safety facility (fire & police) to meet those needs. (Note: Grants to accomplish all or most of this cost are presently being applied for.) (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by PJ Lamothe, seconded by Dave Vaillancourt.

#### **AMENDMENT**

Motion by PJ Lamothe to increase the amount to \$18,000 seconded by Joe Sarcione. Article 16 would then read: To see if the Town will vote to raise and appropriate the sum of Eighteen Thousand (\$18,000) for the purpose of determining the future public safety needs of the town and to create preliminary designs for a public safety facility (fire & police) to meet those needs. Seconded by Joe Sarcione. Discussion on the amendment. George Preston explains the need for the extra \$8,000. Some of the bids were coming in from \$10,000 to \$42,000 so the Fire Department officials decided they need that extra \$8,000 to choose a company for the designs. Motion made to limit debate. Motion in the affirmative to limit debate.

#### **AMENDMENT FAILS ON VOICE VOTE**

Discussion on the article continues as to costs for a new building & site. Chet reminds us of the Master Plan, the CIP & Building committee with all the work put into those guidelines which we should be following those goals & get going on what we need. More discussion. On a voice vote article appears to be defeated. Standing vote called for by the Moderator. On a standing vote Moderator declares Article 16 is defeated.

#### **ARTICLE 16 FAILS**

**Article 17:** Shall the Town vote to change the Town's nine-member Building Committee from appointed to elected by electing the committee members as the terms of the appointed members expire. Commencing with the 2012 Annual Meeting. [Explanation: Three members will be elected at the next three town meetings, 2012-2014] (Majority vote required). **Recommended by the Board of Selectmen.**

Motion by Donna Hamilton seconded by Penny Betz.

No discussion.

**ARTICLE 20 IS ADOPTED**

To transact any other business as may legally be brought before the meeting.

Laura Fletcher makes a motion to take a cote & asks the body a consensus question. Do you favor having the Board of Selectmen do warrant articles as they have been done individually by the department in the prior years for future years?

If you favor Laura Fletcher's motion signify by saying Aye. Those opposed Nay.

Ayes have it.

Joan Read, Town Clerk announced that Dick Betz from the archives committee applied for a grant from the State of New Hampshire Moose Plate Conservation Program & we were very fortunate to receive a grant for \$7,305.00. Brown's River Marotti Co. in Vermont conserved 5 Stoddard Books for the Town. Four were Town Clerk's records from 1916 to 1960 & one book was the layout of the first roads in Stoddard with descriptions from c. 1772. They also digitally scanned & microfilmed all town records from 1769-1960. These books will now be preserved for another 100 years. They are on the table to my right for anyone to look at.

Arnie Styment, Selectman said that this year's Town Report is dedicated to Ed (Ned) Saleski. It is probably the first time the Town has dedicated the Town Report to a living person. Ed has always been available whenever help is needed. A round of applause for Ned who is an asset to our community. Thank you Ned!

Page 1 in the Town Report will give you an idea of the many things, plus more, that he has been involved in.

Ginny Grandpre' as Trustee of the Trust Funds speaks about the Education fund which for your information is located in page 17, the last paragraph. The money is just about deleted & if you feel you would like to contribute to this fund & wish to make any donation you can contact me.

Newly elected officers step forward to be sworn in by the Moderator.

Meeting adjourned at 10:30 PM.

Respectfully submitted

## *Financial Reports*

## ***AUDITOR'S REPORT***

The annual audit of the accounts of any officer or agent handling funds began in February 2012 for the records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustee of the Trust Funds, and Library Trustees for the year ending June 30, 2011 pursuant to RSA 41:31. The role of the annual audit helps to preserve the integrity of public finance and maintain citizens' confidence in their elected leaders. It provides independent assurance that financial information is reliable. Transparency and accountability in government is essential to show that public functions are being carried out efficiently, ethically, and equitably.

A new version of form MS-60 was introduced this year. It consists of six parts with three sections each: general questions; testing; and summary and recommendations. It is designed to review and test the General Ledger and offices of the Treasurer, Tax Collector, Trustees of the Trust Funds, Town Clerk, and Library. To date there are currently two sections still being audited with an expected completion date of April 30, 2012.

More specifically the audit includes balancing all accounts, checking all income and expense vouchers and verifying the method of handling all aspects of the financial positions of the Town of Stoddard. This also includes the procedures used by the duly elected Officers and appointed personnel charged with the responsibilities of the above mentioned positions.

To date, in my opinion, the financial statements and the accounts referred to above fairly represent the financial position of the town of Stoddard as of June 30, 2011.

Respectfully submitted,

Gale Saleski, Auditor

## **STATE OF NEW HAMPSHIRE GRANITE LAKE VILLAGE DISTRICT**

The annual meeting of the Granite Lake Village District was held April 23, 2011 at 9:00 A.M. at the Chapel -by-the-Lake in Munsonville NH.

John Halter, Moderator, began the meeting by mentioning that in addition to the 7 warrant articles, there were 2 other items on the agenda. One was to update the progress of the meetings concerning the cell phone tower on Melville Hill. Many who had attended the zoning board meetings in Stoddard were opposed and seeking alternate sites, while AT & T was quite set on Melville Hill. The second item was to dedicate the plaque at the dam, which was held after the official meeting.

Article 1. An auditor, John Halter, was elected to fulfill a new state requirement that municipalities have an auditor.

Article 2. Bob Woods was re-elected commissioner for 3 years, John Halter for moderator 1 year; Barbara Ropiecki, treasurer for 1 year, Sally Ripley for clerk for 1 year.

Article 3. The District voted to raise and appropriate \$5,000 to add to the *Capital Reserve Fund for Dam Maintenance/repair/replacement est. Dec. 2008*. \_Phil Hamilton explained that the dam would need to be re-faced in about 5 years and may cost upwards of \$50,000.

Article 4. The District voted to raise and appropriate \$2500 for District expenses.

Article 5. The District voted to appropriate \$2273 left from last year's surplus to add to the *Capital Reserve Fund for....Dec. 2008*. This money was money that had been held by the Granite Lake Association from the early 1980's for the purpose of replacing or fixing the dam in the future before the Village District was founded.

Article 6. The District voted to raise and appropriate \$750 to purchase liability insurance for the dam.

Article 7. The District voted to hold its next meeting April 21,2012 at 9:00 A.M. at the Chapel-by-the-Lake.

The meeting was adjourned and all walked down to the dam for a dedication. Agnes Yocono and Debbie Knight were present to see the plaque with their respective husbands' names revealed. Phil Hamilton was also recognized for his work.

Respectfully,

Sally Ripley, Clerk

## ***LAKE HOST PROGRAM AT GRANITE LAKE***

The financial support of NHLakes, the Town of Stoddard and the Granite Lake Community, continues to make the Lake Host program possible. Paid lake hosts educate the boating public and perform courtesy boat inspections of boats entering and leaving the lake from 6am to 6pm weekends and holidays. Our paid lake hosts are area students who are reliable and enjoy the work.

The goal is to prevent the introduction of exotic weeds, such as Milfoil. Thus far, we've been successful, but each season brings new opportunities for the introduction of Milfoil so we must remain vigilant. During the week, dedicated volunteers staff the boat ramp as lake hosts.

We thank the Stoddard community for its continued, valuable support in maintaining this natural resource.

Angel Nicoletti  
Volunteer Managing/Point Person
