1. The trail workday on Oct 20th was a success. 5 people showed up to help. Some mowing work is still needed around the dam. Geoff will take the lead on that and get others' help if necessary. Scott and Helen will work on some of the trail markers which arrows need to be repainted.

2. Dian Matthews will join our Con Com meeting on Nov 28, and discuss Con Com involvement in the Master Plan update. We can possibly do a conservation plan, with GIS info on land cover, slope, wetland, etc. as well as an inventory of tree species, wildlife presence, etc. at Pioneer Lake/Stoddard Rock.

3. Talked about NHACC annual meeting. Most of us will be able to attend. Geoff is a presenter.

4. There is a workshop about Taking Actions for Wildlife in a Changing Climate on Dec 7 at Lakes Region Community College in Laconia. It is organized by UNH and NH Fish & Game. Some of the Con Com members are planning to attend.
