

Vial of L.I.F.E.

Vial of Lifesaving Information For Emergencies

The Vial of L. I. F. E. kit is a small plastic container that holds your personal vital medical information and is stored on the front of your refrigerator.

This kit enables emergency medical personnel to quickly locate helpful information regarding your medical history in a time of crisis. It is very important that you keep this information up to date, accurate, and placed in a prominent spot on the front of your refrigerator.

How do I use the Vial of L.I.F.E. ?

1. Complete the Vial of L.I.F.E. form - follow the instructions.
2. Place the Vial of L.I.F.E. form within a plastic baggy attached to your refrigerator door, closest to the door handle.
3. Attach the Vial of L.I.F.E. sticker to the front door of your home to alert emergency personnel to the presence of Vial of L.I.F.E. information.

The Vial of L.I.F.E. is designed for people with special medical conditions such as; heart conditions, prior stroke, seizures, and respiratory conditions. This is also for people who have a serious allergy to any medications, or who have any other life threatening allergies.

In an emergency every minute counts. Allergies, medications and medical conditions can all have deadly consequences.

The Vial of L.I.F.E. program enables emergency responders, such as firefighters, paramedics, etc. to respond quickly to an emergency situation by accessing your medical history. Emergency personnel will know to look for the Vial of L.I.F.E. in your refrigerator to help them access this Life Saving Information in an Emergency situation. If you are unconscious or unavailable to provide this important information to emergency personnel the Vial of L.I.F.E. will provide this information for you.

The Vial of L.I.F.E. can save lives!

If you would like to receive a Vial of L.I.F.E. kit with the decal, you may pick one up from a member of Stoddard Fire & Rescue Department.
