TOWN OF STODDARD

NEW HAMPSHIRE

2019

This year's Town Report's theme is looking at the positive attributes of Stoddard through the eyes of our children. To illustrate this view of our town we went to the James Faulkner Elementary School for their help. We have received five pieces of artwork which are included in the report. We thank the students, Donald, Deonna, Pat, Nate and Chloe, for their creative work and for the teachers and staff that provided the guidance.

SELECTMEN'S & ADMINISTRATOR'S REPORT

There are some changes this year in the Annual Report's presentation of the budget. While the format remains the same for the warrant, the portion the State refers to as the "Budget" has been changed. This is a State form (MS-626). In past years the columns only represented the year completed on the previous June 30 and the one being proposed. This left out the year nearing completion. This has now been resolved by showing the actual expended for the previously completed year, the current year's budgeted amount and the proposed budget for the ensuing fiscal year. This has led to our removal of a section that was referred to as a budget comparison, since the State form now has that information.

We have now included an audit summary along with the auditor's letter. The full 2017-2018 audit can be found on the web site, or at the Town Office.

Over the past several years we have implemented technology that should help keep us to be cost effective. The web site now has an interactive GIS which can find properties by name, address, map & lot and some other ways. This can provide the user with a property tax card among other features. At the rear of the Annual Report we have been printing a list of all properties by owner as a reference. This list takes up 36 pages which has a cost. We propose that starting with Next Year's Annual Report this list be eliminated. We could print instructions on how to access it, although most folks have done fine on their own.

Another result of the use of technology has resulted in Article 2, which is a proposal to combine the offices of the Town Clerk and Tax Collector. This is not meant as a negative toward any one currently doing these jobs, but as a way of providing better cost control and greater access to those functions. This combination is common in many New Hampshire towns. Should it be approved, the change would be effective next year with the Tax Clerk / Tax Collector selected at the next Town Meeting.

For those that traverse Kings Highway there are two side by side culverts that are starting to fail. This is very critical since this is the one town road to Hidden Lake. The selectmen have contracted with Dubois-King Engineering of Bedford, New Hampshire to provide a solution to replacing the culverts and keeping the road passable during construction. There is a possibility that the peak water volume through the culverts might rise to the level that State Bridge Aid might be available. Funding for this is from special Highway Block Grant funds.

We have continued to make improvements to our buildings that result in lower energy consumption and costs. The oil burner in the Gould House was replaced last Summer with an efficient gas boiler that has reduced our energy costs and allows for a better use of space in the building. The residing and insulation of the Fire Station and heating improvements has also been beneficial.

We recently prevailed as an intervenor in a Supreme Court case that involved Class VI roads, specifically Log Cabin Road. With the exception of utility property tax abatements that involve many towns, we no longer have any pending items in the courts. The Board will be looking at other Class VI roads for use as dedicated trails that will be accessible by the public for recreational use.

SELECTMEN'S & ADMINISTRATOR'S REPORT continued

We thank everyone that has contributed their time and services during the past year to making Stoddard great place. This includes those that serve on various town committees and boards, and volunteer groups. As we head toward Town Meeting we welcome back our snowbirds and summer residents and wish everyone a great Summer.

Respectfully submitted,

James Coffey, Town Administrator

2018 PLANNING BOARD REPORT

A lot of the work we've done this year has been rudimentary. We continue to update the **Master Plan**. We are rewriting the beginnings of **Land Use** and **Transportation** sections to match the **Economic Development** section. (These sections were updated with the assistance of The Southwest Regional Planning Commission.) The Goals and Objectives will be rewritten as one section rather than as parts of each section. The Town of Stoddard Conservation Commission has graciously agreed to help with the updating of the **Natural Resources** section. In the future there will be a link on the website to town specific GIS maps. The sections on **Housing**, **Telecommunications**, and **Waste Management** are being updated this spring.

We updated our **Rules of Procedure** to reflect how our operating has changed. We now require, as part of the **Site Plan Review** process, a disc in place of one paper plat that will go from the Planning Board to our Town Assessor to the mapping company so that our town maps are always current.

We are in the process of cataloging all the Planning Board files to create a spread sheet to document what is in every file. This will help anyone who needs access to material to find it easily. It will also assure that our files stay intact.

Last summer/fall the Planning Board joined a group under the umbrella of the Public Service Commission to answer the FCC's "**Mobility Fund Phase II Challenge**". Stoddard, along with the towns of Harrisville, Peterborough and Hancock collected data which helped proved to the FCC that the four major carriers were NOT supplying the desired minimum 4G LTE coverage as they vowed they were. Our data was collected by Janet Gugliotti from the State **Public Utilities Commission** and Warren Hutchinson, a town resident and retired MIT Engineer. They were assisted by Paul Crosby, who guided them through Andorra Forest. The data was collected using high-end phones which pinged every 10 seconds using G-Net Track Pro software as they drove through the woods of Stoddard. Mr. Hutchinson and the phones were also escorted by Dian Mathews and William Lortie in their boat on Island Pond and Highland Lake. The remainder of the grids of the town Warren drove in his red pickup truck. Thank you to Warren and Paul and William for making Stoddard's involvement in the study possible.

Lastly, we are looking at the town's Community Planning Ordinances (CPO) the **Commercial and Industrial** section to ensure that we have the wording in place which gives our town the maximum protection allowed under State Law.

TOWN CLERK'S REPORT 2019

This year's changes are exciting. We have continued to work with the new computer program doing our car registrations and dog licensing and are becoming familiar with it. A new component for our townspeople as of October. All car renewals and dog licensing can now be done online. By using a link on our town website (www.stoddardnh.org) on the clerk's page there is a link for doing the renewals. Also estimates can be obtained for new or the renewal costs. It can be done from home 24/7. If there are questions about this new service please call.

I will not be running in this year's election. I have decided that it is time to join my husband in retirement. I want to thank everyone for the good years of my service. I have enjoyed my time in the office and dealing with all the people I have been privileged to meet. Thank you for the opportunity to serve in the office of Clerk for the Town of Stoddard.

Sincerely,

Linda Clark

POLICE DEPARTMENT REPORT

Over the past year the Stoddard Police Department has responded to numerous calls for service to include thefts, frauds, burglaries, motor vehicle complaints and motor vehicle crashes. Being a part-time department we are faced with many unique obstacles and challenges when providing a high level of policing to our community. We must balance proactive enforcement while doing our best to increase 24/7 emergency response availability. This past year we have been able to provide better active patrol services while increasing our overall police coverage, which can be observed through the increase in our police activity statistics.

The Stoddard Police Department has made it a priority to be more accessible to our residents by increasing our social media presence and updating our page on the town website. This year we were able to obtain a generous donation from Project Child Lock to provide free gun locks to residents, which can be obtained at the police department or the town hall. We have updated our standard operating guidelines and internal policies which took over a half a years worth of work to complete in order to better protect the town from litigation. We have also been able to cost effectively update our crime reporting database and computer security in order to better track department statistics, secure, and maintain police records in a more efficient and effective manner.

One of the goals we at the police department have set for the upcoming year is to increase our police presence during the weekday while residents are out of town and on the weekends during the summer season. Our community is fortunate in that fact that our crime rate is relatively low in comparison to other larger towns in the area. Considering the rise in recent drug abuse related criminal activity across the state, it becomes imperative that we stay ahead of the curve utilizing proactive community based policing techniques and more frequent patrols in order to preserve our peaceful way of life. Another goal of this department is to reduce the amount of motor vehicle crashes resulting from speeding, impaired, and distracted motorists. Utilizing the same techniques, we believe we will be able to both slow motorists down and reduce the amount of avoidable motor vehicle collisions.

On a more personal note, I would like to thank Lieutenant Prior for his dedication to the town and this department. He has been the driving force behind the recent positive changes within the department and continues to work hard to improve police services. I would like to also thank Margo and David Santoro for their dedication and selfless service when it comes to handling the towns animal control needs. The Stoddard Police Department would also like to introduce the newest addition to the department, Officer Matthew Griffin. Officer Griffin is a 15 year veteran of the police force having worked for the Virginia Beach Police Department and Keene Police Department full-time. Officer Griffin has served as a school resource officer in the City of Keene and drafted the New Hampshire State policy on cyber bullying. Officer Griffin has served on the New Hampshire Attorney General's Drug Task Force conducting undercover operations targeting narcotic suppliers. Officer Griffin currently works full-time for a national law enforcement training organization and trains police officers around the country. I believe that Officer Griffin will bring a tremendous amount of experience and knowledge to the police department and I ask you to welcome Officer Griffin into our community.

POLICE DEPARTMENT REPORT continued

I would like to thank all of the residents of Stoddard for the continued privilege to serve as your Chief of Police.

Respectfully submitted

STODDARD FIRE & RESCUE ANNUAL REPORT

The Stoddard Fire & Rescue Department call volume for the period beginning January 1st through December 31st 2018 was 77 Fire/Service calls and 59 medical/EMS calls for a total of 136 calls. Included in this total were 27 motor vehicle accidents and 33 fire/electrical calls. We continue to be very appreciative for the mutual aid given from neighboring departments when needed. In return, Stoddard Fire & Rescue also responded to a few mutual aid calls to surrounding departments.

This past year we had the pleasure to add three new members: Career Firefighter/Paramedic Trevor Anderson, Liam Edson and Kendra Melamed. Liam and Kendra are currently completing their EMT certification. Our in-house training continues with great participation and success. Our EMS Staff has continued their medical education and training. Currently, we have on staff, two paramedics and four EMT's. Firefighters have continued their training alone and with the medical personnel.

The Knox box system has continued to be a success and welcomed by our residents. This system is invaluable in protecting those who need it most. Residents who have had a Knox Box installed need not worry that the Fire and Rescue Department might not have access to them in case of an emergency. With this system, the Fire Department can gain access to the home and resident by opening a strong box containing a key to the building. These boxes are extremely secure and continue to gain popularity with private residences and commercial establishments. Initiated by Chief Stephen J. McGerty, with this program, residents can request a Knox Box which will be installed by the Stoddard Fire & Rescue Department with the resident paying only a one-time fee of \$75.00. The balance of the total cost of the box is paid by Stoddard.

We continue to look into implementing programs that will benefit the residents of Stoddard including a CPR course which would be open to all those interested. This year we will be picking up our new boat and will start getting the equipment needed for boating accidents, fires and life-saving. We now have the Lucas Automatic CPR machine. The Lucas machine is safe and more effective than manual CPR. We also thank you for allowing us to do a remodeling of the outside of the building.

STODDARD FIRE & RESCUE ANNUAL REPORT continued

Lastly, we would like to remind all residents that in case of emergency, please dial 9-1-1 for the quickest response. While calling friends or relatives may be your first instinct, it delays getting you the help you might need. If you are unsure of whether your situation is an emergency, go ahead and call 9-1-1. The 9-1-1 operator can determine if you need emergency assistance and can route the proper agency to your location. Please be sure that your house number is clearly visible from the street to avoid any delays. Posting your 9-1-1 address at the driveway entrance and on your home will alleviate any confusion as to whether emergency responders have the correct location. Try using something reflective or illuminated so that it can be seen in the evening as well as during the day.

On behalf of the officers and employees of the Stoddard Fire & Rescue Department, we would like to thank you for all that you have done for us. We thank the residents, Mike Hayes, the Monadnock Boat Store, Mr. Mike's and the Stoddard Selectmen. A special thanks to the Mill Village Store for always being there to help the Fire Department with any of our needs. All of you have been extremely generous with your support and assistance.

Respectfully submitted,

Chief Stephen J. McGerty

FOREST FIRE WARDEN REPORT

First, I would like to thank everybody for the safe year last year with camp fires, cooking fires and brush piles.

Last year the Stoddard Fire Department issued a total of 148 burn permits, compared w\ to the 142 permits the department issued the previous year. There was one reported, illegal burn last year as well. Please remember that you are required to have a burn permit for any open fire with the exception of a cooking grill and you need to have a minimum of 25 feet between the fire and any structure. We are happy to report that there were no brush fires in town and are hoping for the same this year. Thus far it is predicted to be a normal year for the fire season. Of course, the New Hampshire Forest and Lands Department pays close attention to this and I will keep the residents of Stoddard well informed of any changes that come about this year.

Be on the lookout for signs and brochures around town giving the community more information about how to prevent forest fires and acquiring a burn permit. There will be yellow signs, as well as informative brochur3es at the Town Hall, Town Office and Mill Village Store.

If you have any questions, please feel free to call and myself or one of the deputies and we would be happy to answer any questions you may have.

On behalf of myself, the Deputy Wardens and the fire department, have a safe and wonderful summer.

Respectfully submitted,

Randy A. Weaver
Forest Fire Warden

STODDARD COMPLIANCE OFFICER REPORT

At this writing, new home permits are pale in comparison to previous years when as many as 17 were constructed within 12 months. It's unknown what the future holds, however, the past math calculations show a nearly 3% annual growth rate. There have been many Building Permits issued this year, mainly for additions, garages, porches and total rehab, etc.

A vast majority of building Permits deal with New Hampshire law regarding shoreland regulations. Any proposed building or excavation within 250 ft. of the reference line require a shoreland permit from the NH Department of Environment Services. For every 100 ft. of shoreline, you are allowed 150 sq. ft. for a shed/cold storage building.

Septic issues have been brought to my attention, regarding seasonal conversion to year-round use and additions. If your existing structure has a septic system (approval for operation) and you are not increasing the load on the system i.e. adding an additional bedroom and you fall within the Department of Environmental Services guidelines, then your project would be approved regarding the septic system. If the property has only been used seasonally, then going to a year-round use (24/7) your septic system needs an Approval for Operation.

At this time, in Stoddard, there are ~0~ violations pending in Superior Court. Everyone has been very cooperative regarding compliance. However, should there be a discrepancy from zoning regarding your project, Stoddard has an intelligent Zoning Board of Adjustment what will hear your case and make sound decisions for the best interest of all.

I "Thank You" for your cooperation and should you have questions regarding your project, please call me at 446-7778.

Harry R. Power, Compliance Officer

DAVIS PUBLIC LIBRARY REPORT

Our Library has continued to grow in patronage and community involvement. There were 4,724 items borrowed from the Davis Public Library this past year. Most borrowed items were books (audio, print, and electronic), but also DVDs, snowshoes, fishing poles and ukuleles. Patrons visited the library 4,162 times (a 5% increase) to check out items, to read, and to use the computer, while an uncounted number of people accessed WiFi through the Library from the parking lot.

The DPL offered free and interesting programs: Walking the El Camino with Christie Day; NH on Skis with Historian John Allen; Hiking Nepal with author and adventurer Dan Szczesny; National Parks, Exploring the Rockies with Steve Farrar; and a Lunch and Learn Program on Mt. Washington with Dan Szczesny.

Leigh Fosberry continues to make the Davis Book Club possible. It meets at the Library at 7 pm the second Monday of the month. The Friends of the Davis Public Library collaborate with the Library and the James Faulkner Elementary School to offer the Book Pal Program. This program is in its 4th year and pairs adults and student to read and communicate by letter about the book. Other collaborations between the library and the JFES were Literacy Night and a walk to the library at the end of the school year to learn about the library and the Summer Reading Program. The financial support of the Friends of the Davis Public Library allowed us to provide free access passes to Keene Ice, the Montshire Museum of Science, the Magic Wings Butterfly Conservatory and Gardens, and the Southern Vermont Natural History Museum. Their Summer Book Sale always provides significant financial support to the Library and this year the shed that the Friends bought eased the handling of book donations.

The programs offered by the library are popular and well attended. The Library increased the number of programs offered to the community to 159. The Summer Reading Program theme was *Libraries Rock*. Sixty-three children participated. Earned awards were ice cream at the Mill Village Store, a gift certificate to Toadstool Bookshop, and earbuds. Other events included *Making Your Own Rocky Road Sundae*, *Weekly Musical Instrument Making With Recycled Materials*, and a ukelele concert by the Ukelele Society of Antrim. The 2019 Summer Reading Theme is *A Universe of Stories*. This winter we had a *Winter Reading Challenge* for adults and teens to encourage reading about mental health, current issues, and translated books. The maker space table in the Young Adult Room has a new project every month ranging from arts and technology to problem solving and building. The program *1000 Books Before Kindergarten* was completed by Aroua Kovarik. We encourage parents to read to their children, as does Story Time every Tuesday at 11am.

We look forward to seeing you at the library. Keep an eye out for the upcoming Summer Reading Program, Yoga on the lawn, the Saturday Coffee Hour, and be sure to check out the monthly Book Club.

FRIENDS OF THE DAVIS PUBLIC LIBRARY

Report to the Town 2018 – 19

The Friends of the Davis Public Library exists to augment and enhance the activities and offerings of the Library. Residents of Stoddard, year-round and seasonal, become members by making financial contributions to the Friends efforts. All residents are welcome so the Library can continue to be and do more than town support can afford.

Over the course of this past year, one effort of note was the Friends nurturing of the effort of an anonymous donor and local artist, Sandy Sherman, to provide murals for the wall of the book shed. The three murals, featuring bears – Mama and little ones – faces the completion of the children's garden area behind the library, another effort. The Friends nurtured these efforts by being the conduit through which funds from the donor in the instance of the murals and the garden through the auspices of the Lesser Foundation provided a wonderful summertime environment for Library programs and activities. The garden completion was also augmented directly by some funds from the Friend's budget.

The 2018 Annual Meeting (Friends annual meetings are always on the first Friday of August) featured Eric Masterson of the Harris Center. His presentation of his bicycle journey following the migration path of Broad-winged Hawks from New Hampshire through Central America, provided an educational and entertaining evening. The Friends also sponsored a Candidates Forum with state elective candidates – Senate, House, and Executive Council – so residents could meet and question those on the general election ballot.

Ongoing Friends sponsored activities includes the Book Pal Program with the upper grades of the James Faulkner Elementary School. Trustee Angel Nicoletti, still a Friend, honchos this effort which links local citizens with school children to read the same book, share letters, and engage a final activity where Book Pals and students meet each other. Friends also sponsor museum passes available for use by patrons, fee coverage for state library downloadable books, DVD and book purchase, and purchase of activity and craft supplies for Library programs. Halloween candy, summer book program refreshments and support, and other expenditures add that little extra to Library capability helping to make it a welcoming and friendly resource for residents of Stoddard, young and old.

The Annual Book Sale, the Saturday of Old Home Days, as well as the contributions of those who become Friends of the Davis Public Library provides the budget for the Friends. We are blessed with the stewardship of Library Director, Lauren Rettig, and Asst. Martha De-Tore Woods, as well as dedicated Trustees. The Friends invite the support and participation of all residents in our support of the “more” that would not be possible if our Library had to depend solely on funds provided by Town Meeting. We have a great Library.

The Rev'd Dr. David Ferner, President.

2018 ZONING BOARD REPORT

The formation of the Zoning Board of Appeals (ZBA) comes from State RSA 673:3 which states the following:

The zoning board of adjustment shall consist of 5 members. The members of the board shall either be elected in the manner prescribed by RSA 669, or appointed in a manner prescribed by the local legislative body. Each member of the board shall be a resident of the municipality in order to be appointed or elected.

Our ZBA is appointed with each member serving a 3-year term, offset so that no more than 2 seats are on the same cycle. Qualifications for being on the board are also based on RSA 673:3 which requires local residency for membership on the board.

The Stoddard Zoning Board of Appeals gets its powers from state law. Specifically, RSA 674:33 which states:

AUTHORITY OF THE BOARD OF ADJUSTMENT The board of adjustment has the authority to act in four separate and distinct categories, which will be discussed separately: 1. Appeal from Administrative Decision; 2. Approval of Special Exception; 3. Grant of Variance; and 4. Grants of Equitable Waivers of Dimensional Requirement.

APPEAL FROM AN ADMINISTRATIVE DECISION- If an applicant has been denied a building permit or is affected by some other decision regarding the administration of the CPO, and believes the decision was made in error under the provisions of the ordinance, the applicant may appeal the decision to the ZBA. The appeal will be granted if it is shown that the decision was indeed made in error.

SPECIAL EXCEPTION- Certain sections of the CPO provide that a particular use of property in a particular zone, will be permitted by special exception if specified conditions are met. The necessary conditions for each special exception are given in the ordinance. The appeal for a special exception will be granted if you can show that the conditions stated in the ordinance are met.

VARIANCES- Under special circumstances, an applicant may apply to be granted relief from application of the strict terms of the Community Planning Ordinance (CPO). To grant this relief, it must be established that all five of the following conditions are met:

1. The proposed use would not diminish surrounding property values.
2. Granting the variance would not be contrary to the public interest.
3. Denial of the variance would result in unnecessary hardship to the owner.
4. Granting the variance would do substantial justice.
5. The proposed use is not contrary to the spirit of the ordinance.

EQUITABLE WAIVER OF DIMENSIONAL REQUIREMENTS- If an applicant discovers an existing dimensional nonconformity after the structure was substantially completed or after a vacant lot in violation had been transferred to a bona fide purchaser AND the nonconformity was caused by a good faith error in measurement or calculation, the applicant may appeal to the ZBA. If it is determined the nonconformity does not constitute a public or private nuisance nor diminish the value or interfere with future uses of other property in the area AND the cost of correction would far outweigh any public benefit to be gained, the ZBA may grant the waiver.

2018 ZONING BOARD REPORT continued

*Please note: The information (above) was taken from several sources and rephrased for purposes of it fitting into this annual report. For this reason, what is stated is not the actual or complete wording in any zoning ordinance-THE ACTUAL ZONING ORDINANCE IS WHAT WILL BE USED IN ANY APPEAL.

2018 was a year of trials and tribulations. We were faced with a couple of cases that really put our research skills and our processes to the test. While as a taxpayer, I am not proud that the town took itself to court, we are not the first, nor will we be the last to do it. As the Chairman, I am proud of my fellow board members for our decisions which are based on the Stoddard CPO, various RSAs, property owners' rights, and common sense. I truly believe that our methodical approach, professionalism and mutual respect has made us effective in serving our town.

We thank Angel Nicoletti for her many years of service to the ZBA. She rendered her resignation in early 2019. We wish you the best of luck in your new ventures. We also thank Doug Summerton for his time on the board and wish him the best of luck in his next ventures. This brings me to our current board: Curt Taylor, Franz Haas and myself, and our secretary Kathy Ellis.

We are looking forward to the Spring 2019 Planning and Zoning Conference. There, we hope to increase our collective knowledge of procedures and best practices from around the state.

Respectfully submitted,

Jason Kovarik
Chairman Stoddard ZBA

STODDARD CEMETERY COMMISSION ANNUAL REPORT

The Stoddard Cemetery Commission has had a busy year. Meetings were difficult to plan. We were able to have a meeting in October with members attending.

Our caretakers James “Bob” Curnette and Mike Shawver have done an outstanding job keeping our cemeteries mowed – the weather doesn’t always cooperate. Thanks Bob and Mike.

The cleaning of the headstones in New Town Cemetery is 1/3 complete. Patty Marotta’s hard word work cleaning off the dirt, stains and grime, which has accumulated in the past 100 plus years, is truly amazing. All this and headstone repairs have been made possible from the funds provided by the Emerson McCourt Fund.

Patty and Mary Lou did attend a Restoration Workshop in Unity in October and found our cleaning method was much better than theirs.

Tree work this year consists of:

New Town: Large previously trimmed (7years ago) large maple tree overhanging to Russell Property was removed. Also, a large maple tree stump (10 ft. tall) was cut to 3 ft. Just the same height has the wall.

New Dow: Removal of 12 oak trees from the north wall and all scrub growth beneath them.

Old Dow: Removal of large cherry tree on the west wall because if it fell it would break several old “1700” head stones. Thanks to Frank Stuckey and his tree crew.

Old Dow had an unusual happening – several large areas were found to be dug up. After the investigation with the help of the Selectman, Charlie Fosberry, it was decided the damage was caused by several busy racoons looking for grubs.

During our October Commission meeting it was decided that next year we would do the following:

Old Dow

1. North Wall bordering Center Pond Road- limb up and or remove all trees which might fall or limbs break off and damage eighteenth century headstones.
2. Clean out tree and brush growth in center of Old Dow- Frank Stuckey will give us an estimate of cost.

New Dow

1. Repair white enclosure not done in 2018 season.
Hopefully the town of Stoddard will place a proper drain at entrance of New Dow. School street is now 3 feet higher than the entrance causing water to wash down thru the cemetery road.

STODDARD CEMETERY COMMISSION ANNUAL REPORT continued

We strive to make our cemetery a dignified peaceful final resting place for your loved one.

If you have any concerns, suggestions or complaints please notify a member of the Stoddard Cemetery Commission.

Respectfully,

Karen Bell

THE LAKE HOST PROGRAM AT GRANITE LAKE

End of 2018 Season Update

Our Lake Host coverage of Granite Lake came to a close the first week in September. I thought I would send you some end of season final figures from the 2018 season. Our Granite Lake ramp coverage ran from May 21 through September 14. The ramp was staffed with 20 volunteers and 5 paid Lake Host inspectors. We added two new volunteers and kept our returning, paid lake hosts from last season. I continued with the Friday afternoon shift from 3-6 P but only during July and August, our busiest time at the ramp. The boat ramp showed a decline in boat inspections from 780 in 2017 to 744 in 2018. We are noticing, however, a steady and growing use of the lake by canoe, kayaks and paddleboards. We inspected 339 motor boats and 405 non-motor boats.

Our volunteer coverage remains very consistent from season to season with 523 hours in 2017 and 480 in 2018. Our volunteers log an average of 20 hours at the ramp for the summer season. The young, paid lake host inspectors, including myself as point person, logged about 460 hours of ramp coverage and supervision in 2018. This figure is similar to last year's season. We mailed, for inspection, for weed samples which, luckily, turned out to be non-invasive.

At the state level the New Hampshire Lakes Association reported 24 saves on lakes across the state. Also exciting this summer was much anticipated event, the New Hampshire Lakes association performed it's ONE MILLIONTH bot inspection/We, at Granite Lake, are proud to be a part of this organization and to be contributing to its mission of clean and healthy lakes.

This is my final season as managing Lake Host point person. I will be returning to volunteer status and helping out with boat inspections at the ramp. Taking over from me will be two people, who will be sharing responsibility for managing the program are Sharon O'Brien Lagulli, and Patricia Maden. They are both property owners on the lake and very concerned with the continuing health of the lake.

Thank you, once again, for your continued financial support of this program. It has been a pleasure working with you.

Sincerely,

Anita Flanagan
Point Person for Lake Host program, Granite Lake

HIGHLAND LAKE LAKE HOST PROGRAM 2018

Highland Lake has participated in the Lake Host program since it's inception. The New Hampshire Lakes Association runs the lake host program and provides just some of the necessary funding to help keep our lake free of invasive flora and fauna. The program operates with a combination of paid hosts and volunteers for the purpose of checking boats entering and exiting the lake as well as providing education to all who enjoy our lake.

The 2018 Highland Lake Lake Host program was managed by Maureen Meyer. There are two public access areas to enter our lake waters - the ramp area on Route 123 and the ramp at the Marina. The coverage for the late spring and summer included weekends, holidays, and fishing tournament days, using paid lake hosts. When those hosts were unavailable we would typically utilize volunteer time but unfortunately had no volunteer hosts this year. A total of 954 paid staff hours and approximately 25 volunteer Lake Host point person hours were recorded. The number of inspected boats was 1081, down from 1470 last year. I attribute this to several factors including poor weather weekends and some weekends where we just didn't have the lake host coverage we needed due to several personnel issues that arose at the end of the summer season.

Highland Lake remained free of invasive plants and animals at the end of the season though four suspicious plant samples were sent off to DES. I was very happy to receive the reports stating that those samples were benign indigenous plant growths.

I would like to thank the 2018 lake hosts: Anna Dorman, Brenna Manuel, Neil Robinson, Sandy Sherman, Nicolas Walker, and Bethany Whitney. They did a tremendous job through the summer and I hope they will continue with the program in the future.

I would also like to thank the Stoddard voters who continue to support the funding for the Lake Host Program as well as the Highland Lake Unified Association. With the leadership of the Association and the support of the town we are able to provide the matching funds needed to keep this vital program running. The NH Lakes Association grant provides the grant recipients with the management and oversight to help the local association maintain our waterway - an essential tool for our continued enjoyment of the lakes and rivers in Stoddard.

Respectfully submitted,

Maureen Meyer

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Stoddard, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Stoddard, New Hampshire, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and

fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our (1) adverse audit opinion on the governmental activities, and (2) unmodified audit opinions on the major fund and aggregate remaining fund information.

Basis for Adverse Opinion on Governmental Activities

Management has not included any of the Town's capital assets acquired, nor the accumulated depreciation and depreciation expense related to those assets in the governmental activities. Accounting principles generally accepted in the United States of America require that those capital assets be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities has not been determined.

Adverse Opinion on Governmental Activities

In our opinion, because of the effects of the matter described in the Basis for Adverse Opinion on Governmental Activities paragraph, the financial statements referred to above do not present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Stoddard, New Hampshire, as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Opinion on Major Fund and Aggregate Remaining Fund Information

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Town of Stoddard, New Hampshire, as of June 30, 2018, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Stoddard, New Hampshire, we offer readers this narrative overview and analysis of the financial activities of the Town of Stoddard, New Hampshire for the fiscal year ended June 30, 2018.

A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows/inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities include general government, public safety, highways and streets, sanitation, health and human service, welfare, culture and recreation, and conservation.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements,

governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

B. FINANCIAL HIGHLIGHTS

- As of the close of the current fiscal year, the total of assets exceeded liabilities by \$641,904 (i.e., net position), a change of \$149,883 in comparison to the prior year.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$518,869, a change of \$162,498 in comparison to the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$163,945, a change of \$106,147 in comparison to the prior year.

C. GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following is a summary of condensed government-wide financial data for the current fiscal year.

NET POSITION

| | <u>Governmental Activities</u> | |
|-------------------------------|--------------------------------|--------------|
| | <u>2018</u> | <u>2017</u> |
| Current and other assets | \$ 2,116,972 | \$ 1,790,400 |
| Total assets | 2,116,972 | 1,790,400 |
| Current liabilities | 48,604 | 37,620 |
| Total liabilities | 48,604 | 37,620 |
| Deferred inflows of resources | 1,426,464 | 1,260,759 |

| Unrestricted | 551,510 | 407,163 |
| Total net position | \$ 641,904 | \$ 492,021 |

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent year, total net position was \$641,904, a change of \$149,883 from the prior year.

The largest portion of net position, \$551,510, represents resources that may be used to meet the government's ongoing obligations to citizens and creditors. The remaining balance of restricted net position, \$90,394, represents resources that are subject to external restrictions on how they may be used.

CHANGES IN NET POSITION

| Net position - end of year | <u>\$ 641,904</u> | <u>\$ 492,021</u> |

Governmental activities. Governmental activities for the year resulted in a change in net position of \$149,883. Key elements of this change are as follows:

| | |
|--|-------------------|
| General fund operating results, as discussed | |
| further in Section D | \$ 156,962 |
| Other governmental funds operations | 5,536 |
| Other | <u>(12,615)</u> |
| Total | <u>\$ 149,883</u> |

D. FINANCIAL ANALYSIS OF FUNDS

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$518,869, a change of \$162,498 in comparison to the prior year. Key elements of this change are as follows:

| | |
|-----------------------------------|-------------------|
| General fund operating results | \$ 156,962 |
| Non-major funds operating results | <u>5,536</u> |
| Total | <u>\$ 162,498</u> |

The general fund is the chief operating fund. At the end of the current fiscal year, unassigned fund balance of the general fund was \$163,945, while total fund balance was \$428,475. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Refer to the table below:

| <u>General Fund</u> | <u>6/30/18</u> | <u>6/30/17</u> | <u>Change</u> | <u>% of Total General Fund Expenditures</u> |
|-------------------------|----------------|----------------|---------------|---|
| Unassigned fund balance | \$ 163,945 | \$ 57,798 | \$ 106,147 | 16.3% |
| Total fund balance | \$ 428,475 | \$ 271,513 | \$ 156,962 | 42.7% |

The fund balance of the general fund changed by \$156,962 during the current fiscal year. Key factors in this change are as follows:

| | |
|---|-------------------|
| Use of fund balance as a funding source | \$ (25,000) |
| Revenues in excess of budget | 48,160 |
| Expenditures less than budget | 70,471 |
| Tax collections as compared to budget | (313) |
| Expenditures of current year encumbrance over prior year encumbrance | 43,754 |
| Change in capital reserves | 23,562 |
| Other | <u>(3,672)</u> |
| Total | <u>\$ 156,962</u> |

Included in the total general fund balance are the Town's capital reserve accounts with the following balances:

| | <u>6/30/18</u> | <u>6/30/17</u> | <u>Change</u> |
|-----------------|-------------------|-------------------|------------------|
| Capital Reserve | \$ <u>169,237</u> | \$ <u>145,675</u> | \$ <u>23,562</u> |
| Total | \$ <u>169,237</u> | \$ <u>145,675</u> | \$ <u>23,562</u> |
