

Special Board Meeting 9/12/16

Fencing

Meeting Date:

September 12, 2016

A special board meeting was held to discuss requirements for safety fencing. The meeting was opened at 6:25 and adjourned at 7:10. Donna Hamilton (Treasurer), Ginger Saleski (Alternate Trustee and Acting Secretary), Geri Bailey (Chair) were in attendance as were the Library Director, Lauren Rettig and member of the public Angel Nicoletti.

All trustees were in agreement that fencing is needed. Location, style, height, integration with other garden structures, cost and maintainability were discussed. It was decided that 3 suppliers would be contacted by Geri and that safety requirements would be identified with the supplier who currently has the Keene school system contract.

Outdoor activity planning will be delayed until safety fencing is in place. Temporary measures for marking the area with warning tape was also discussed.

Estimates will be collected and the trustees will then make a recommendation to the Select Board on the direction and potential funding sources.

Respectfully submitted by Geri Bailey, Chair
